

Malleable Iron Die Cast - Threaded - "T" Type

Industry Standards

- UL 514A
- Federal Spec W-c 586D
- NEMA – FB-1

Construction

- Body – Malleable Iron
- Finish – Zinc Plating with Aluminum Enamel Paint

Application

- To provide access for electrical conductors when pulling, splicing and/or maintenance

Features

- Tapered Threaded Hubs-NPT
- Suitable for concrete and wet locations

Aluminum Conduit Body Covers and Gaskets

Industry Standards

- UL 514A
- Federal Spec W-c 586D
- NEMA – FB-1

Construction

- Stamped Aluminum Cover
- Neoprene Gasket
- Steel Screws

Application

- To cover the Conduit body opening

Features

- Captive Steel screws
