

Lightpipe LED Combo Exit Sign (Red) - AI EECXELPRB2RC

Lightpipe LED Combo Exit Sign (Green) - AI EECXELPGB2RC

| A height | B length | C height | D thickness | E width |
|----------|-----------------------------------|----------|-------------|---------|
| 8¼" | 12 ⁹ / ₁₆ " | 9½" | 1⅞" | 4⅞" |
| 210mm | 319mm | 232mm | 48mm | 111mm |

Description

The Atlantic Industrial Lightpipe LED Combo Exit Sign is ideal for applications requiring attractive, quick-installation exit signs and low energy consumption. Typical wall or ceiling mounted applications include retail centers, industrial parks, schools and universities, public transit and airports, office buildings and medical facilities.

Specifications and Features

- **Illumination:** Ultra-bright, energy efficient white LED emergency lighting. Adjustable high-performance, smooth, chrome-plated, metallized reflector and acrylic, UV-stabilized "Lightpipe" lens for optimal light distribution.
- **Electrical:** Dual 120/277 voltage. Charge rate/power "ON" LED indicator light and push-to-test switch for mandated code compliance testing. 4.8V long-life, maintenance-free, rechargeable NiCd Battery. Internal solid-state transfer switch automatically connects the internal battery to LED board and Lightpipe for minimum 90-minute emergency illumination. Fully automatic solid-state, two-rate charger initiates battery charging to recharge a discharged battery in 24 Hours.
- **Mounting Options** EZ-Snap mounting canopy included for top or end mount. Universal K/O pattern on back plate for wall mount.
- **Housing:** Injection-molded, engineering-grade, 5VA flame retardant, high-impact resistant thermoplastic in white finish. EZ Snap-Out chevron directional indicators. Single or double face.
- **Remote Capable:** Accepts up to two additional LED remote heads, 3 watt maximum.
- **Warranty/Listing:** Meets UL924, NFPA 101 Life Safety Code, NEC, OSHA, local and state codes. UL listed for damp locations. (0°C-50°C)

Emergency Light - AI EEM1

| A height | B overall width | D mount width |
|----------|-----------------|---------------|
| 5" | 16" | 11¾" |
| 127mm | 406mm | 298mm |

Description

The Atlantic Industrial AI EEM1 Emergency Light is ideal for emergency lighting applications like stairways, hallways and rooms. The high impact thermoplastic housing is built to withstand harsh conditions, so you can feel secure during a power failure and/or an emergency. Typical wall or ceiling mounted applications include retail centers, industrial parks, schools and universities, public transit and airports, office buildings and medical facilities.

Specifications and Features

- Fully automatic operation
- Twin adjustable light heads
- Automatic low voltage disconnect
- Thermoplastic injection molded housing
- Push to test switch
- Battery backup
- Ninety minute battery life, 6V battery, & universal mounting plate with E-Z quick connect design
- 120-277V
- UL listed
