- Up to 1,320 lumens
- 12 watt LED Arrays
- Type V Distribution
- White Reflector Cone for glare-free uniform lighting
- CSA Listed
- 5 Year Limited Warranty

SLEEK DESIGN, SUPERIOR QUALITY

The contemporary Triangle Bollard provides pedestrian and parking area lighting with a slender, clean, and unobtrusive appearance. The specially designed reflector cone optics offer controlled uniform lighting. The AIB12 is ideal for a wide range of applications including parking areas, walkways and landscape accents.

The durable extruded aluminum housing is finished with a weather-resistant textured powdercoat finish providing years of service. The precision vandal-resistant, UV-stabilized polycarbonate optical lens produces a Type V distribution and protects the internal components. Optional Opal LumaLens available for soft uplight to light walls and adjacent landscape elements (The fixture offers high efficiency 12 watt LED Arrays and choice of three color temperatures (3000K, 4000K and 5000K), that produce up to 1,320 delivered lumens. Easily replaces 50 watt legacy HID systems, with an energy savings of 80% or more versus comparable Metal Halide systems.
