AIWM21 LED MONARCH POST TOP LUMINAIRE ADVANTAGES:

- Diecast aluminum Lantern 21" diameter x 27.75" high
- Optional one-piece polycarbonate opal LumaLens available
- Open frame has zero uplight to minimize light pollution and protect the night skies
- 37-140 Array watts – 4,300 to 18,600 delivered lumens, 3K, 4K, 5K CCT
- LED array is mounted in an IP66 sealed rotatable Light Engine with integral diecast aluminum heat sink
- Light Engine includes Integral Optics clear polycarbonate lens, IES Types I, II, III, IV and V
- IP67 fully potted 120-277VAC or 347-480VAC driver
- Diecast aluminum slip fitter for 3" x 3" tenon
- Twist-lock photocell, fusing, surge protection and battery backup available

SLEEK DESIGN, SUPERIOR QUALITY

The Monarch LED Post Top Luminaire combines contemporary aesthetics and installer-friendly features for roadway, area, and walkway lighting projects. The IP66 sealed LED light engine offers excellent optical control and heat dissipation for long life. The historically inspired traditional form provides delivered lumens exceeding typical 250W HPS fixtures. Open frame full cutoff optics control glare and an optional opal LumaLens provide soft illumination for adjacent building façade and landscape elements. The Monarch is perfect for multi-family residential projects, town center streets, and historical themed commercial projects.
